Subject: Microsoft Settlement

Dear DOJ,

While I fully appreciate the influence the Bush Administration may have had on expediting a settlement in the matter of Microsoft vs. DOJ it is my contention that this charge was baseless from the beginning.

I am truly ashamed as a Conservative that this was ever taken on in the first place!

Good luck to Microsoft and I hope the DOJ spends more time going after AOL where the same amount of public control is being had.

James T. Ryder
